Dear IPM Coordinator,

On behalf of Beyond Pesticides, formally the National Coalition Against the Misuse of Pesticides, we are conducting a national survey of Integrated Pest Management (IPM) policies. The results of this survey will provide a guide identifying what IPM policies exist, and where IPM policies are being used. We are requesting the following information regarding your state:

- 1) State policies
 - a. Copies of state IPM legislation, regulation, policy directive, and/or guidance materials.
 - b. Current contact information for the person/department in charge of your state's IPM program.
- 2) Local policies
 - a. Identification of local political subdivisions that have IPM policies.
 - b. Copies (or web links) of local ordinances, policies, and/or guidance materials.

If you have any other information on IPM policies in your state or can direct us to a person who does, we would greatly appreciate it. Please send us the requested information by [Date] to:
